## CANDIDATE FOR 31ST DISTRICT (I)

**Should Virginia use federal funding to expand Medicaid to bridge the gap between the current Medicaid program and qualifying for marketplace subsidies?**

No - Subsidizing health care destroys incentives for providers to improve efficiency.

**Should Virginia provide health care coverage for those under 18, regardless of immigration status?**

No - Private charity can provide coverage more efficiently.

**Do you support state and/or local law enforcement agencies volunteer to become deputized ICE agents and enforce civil immigration laws by signing a 287(g) agreement?**

No - I would rather the police focus on stopping crimes that have victims.

**Should all age-eligible individuals who pass the driving exam be allowed a driver's license, regardless of immigration status?**

Yes - no comments

**Do you support policies that protect cooperating victims of crime and witnesses from routine immigration inquiries by law enforcement?**

Yes - I think the police should stop trying to get people to incriminate themselves.

**Should the minimum wage be raised to \$15 in Virginia?**

Yes - Minimum wages cause unemployment among unskilled workers.

**Should Virginia rescind its "right to work" law?**

Yes - Neither employers nor unions should be given an unfair advantage. The contracts they make with each other should not be abrogated by the state.

No - The private sector can provide such funding and will probably use it more wisely.

**What strategies do you support to expand college affordability?**

We should cut taxes so more people can afford college.

**What steps would you take to improve language access of state documents and agencies to English Language Learners?**

State agencies should provide translation, if there is going to be a state.

**Do you support no excuse absentee voting?**

Yes - no comments
